

**RIP**

**Asian street food. Animal free.**

**Welcome to RIP Foods.**  
We're a team of creatives,  
chefs, and innovative  
food lovers who are out to  
change the world.

**POWERED BY MEATRIX™**

## **GAME OVER**

While RIP stands for many things, from “Rich in Plants” to “Rich in Protein,” it’s officially an acronym for “Rest in Peace.” You can think of it as our formal adieu to the outdated, unhealthy consumption patterns of the past, and an open invitation to reinvent and reimagine our food future together.

**BY SHIFTING FROM ANIMAL TO PLANT-BASED MEAT, WE CAN ADDRESS FOUR GROWING GLOBAL ISSUES: HUMAN HEALTH, CLIMATE CHANGE, CONSTRAINTS ON NATURAL RESOURCES, AND ANIMAL WELFARE.**

**Our formula for success is simple.**

**We harness the power of Meatrix™ – our unique meat alternative that mimics a chicken meat-like protein to create tender, juicy street food favourites that mark the end of the first generation of plant-based meats you tried so hard to like.**

# Addictive Asian street food, 100% animal-free

Don't get FOMO. Come hang with us:

# RIP is Asian street food, reinvented.
